Why Companies Are Switching To Metrofuser

Metrofuser remanufactures and distributes HP Printer Parts. The company distributes OEM and NEXTGENN Brand parts nationwide.

Expertise

With over 20 years of experience, Metrofuser is the company behind some of the biggest names out there. Leading companies look to us for repair solutions.

Unmatched Quality

Metrofuser is focused on remanufacturing printer parts to the highest level of quality. Ensuring the utmost attention to detail, every part is inspected and cross-checked for quality control purposes throughout the entire remanufacturing process - from disassembly, cleaning and testing to final finished product. We work closely with our manufacturing partners worldwide, to ensure the highest quality and unmatched availability.

Superior Parts Availability

Metrofuser has designed a service system that provides exceptional order/fill rates and unparalleled order cycle times. When ordered by 6pm EST we can ship same day with any of the major carriers. Metrofuser currently boasts a 96-percent fill rate.

Market Based Core Charges And Favorable Trades

In the event you are unable to return a core, Metrofuser uses current market prices to estimate core charges. Moreover we will always try to accept fair and equitable trades. Either way you will never get excessively charged.

1-2 Day Ground Delivery to 70% of the Largest Metropolitan Areas

We have established a network of strategically located distribution centers nationwide. Our electronically linked network provides 1-2 day ground to 70% of the largest US metropolitan areas. With Metrofuser you can give your customer the ultimate in service and delivery without having to invest in stocking and warehousing. Local customers can enjoy convenient order pick-up service.

Discounted Freight Programs

We have negotiated up to 50% discounts with the top freight carriers for their services on our customer's behalf. Metrofuser doesn't make money by marking up freight.

INST@LERT

INST@LERT Notification Service

Provides customers with unprecedented visibility into their parts supply chain. Metrofuser's INST@LERT service allows customers to track inbound and outbound parts from the moment that they place an order to the time their transaction has been completed.

NEXTGENN

NEXTGENN™

America's #1 Brand of compatible printers parts. A new class of compatible part engineered to match OEM fit, form and function with a 40% savings. NEXTGENN™ parts are rigorously tested and prove themselves every day.
