Metrofuser Adds HP Fusers to Lineup

Remanufactured HP 1160/1320/2400 Series Fusers
Now Available Through Metrofuser

November 20, 2006--Roselle NJ— HP® LaserJet printer parts provider Metrofuser has introduced remanufactured fusers for the HP® 1160/1320 and 2400 printers. The availability of these fusers will help reduce costs and increase profitability for the company's nationwide customer base.

The fusers are available for the economical repair and return or the convenient advance exchange service options. The (RM1-1289) 1160/1320 and (RM1-1535) 2400/2410/2420/2430 fusers are in stock ready for same day shipping.

"We're excited to introduce these fusers to service customers as it is the first alternative to the OEM. They offer equivalent performance, considerable savings and a longer warranty. "Keeping our customers updated to the newest products in the industry is a priority to everyone here at Metrofuser" said Will DeMuth "This offer complements Metrofuser's broad line of monochrome and color fusers and maintenance kits for Hewlett Packard® machines."

About Metrofuser

Metrofuser remanufactures and distributes laser printer parts. The company offers a broad array of laser printer products including fusers, maintenance kits, boards and paper handling assemblies. Metrofuser's products and services are available only through its channel distribution partners. More information Visit <http://www.metrofuser.com> or call 888-Fusers-1 Ext 107.
