Metrofuser Releases ChannelPartner2007 Publication

April 13, 2007- Roselle, New Jersey- HP parts provider Metrofuser has announced the release of its 2007 publication ChannelPartner.

ChannelPartner offers unique insight and product and service solutions for the laser printer service industry. It spans 17 years of Hewlett Packard model printers, beginning with the 1991 3Si laser printer leading up to the 2006 release of the 2600 series. It covers monochrome and color laser technologies.

Derived from historical sales data and research from commonly failing parts ChannelPartner is a comprehensive yet concise look at the service parts that make up 80% of the industry's replacement market. "More importantly, the publication offers exclusive products and services that help our partners grow their business." said William DeMuth, Vice President

ChannelPartner was created for companies that are in the business of servicing printers. Buyers, Service Managers and Technicians will find this publication packed with time saving diagnostic information.

The publication is part of Metrofuser's channel distribution program and is only available to qualified Service Companies and Resellers. To find out more about ChannelPartner and becoming a partner call 908-245-2100 Ext. 0 or visit Metrofuser on the web at <http://www.metrofuser.com>.
